

# Key Investor Information

This document provides you with key investor information about this fund. It is not marketing material. The information is required by law to help you understand the nature and the risks of investing in this fund. You are advised to read it so you can make an informed decision about whether to invest.

## Past performance

- The Fund was launched on 29 February 2019.
- This share class was launched on 20 July 2016.
- The past performance is calculated in USD.
- The performance figures include all ongoing charges. Past performance is not a guide to the future performance.
- The Fund is actively managed and aims to deliver capital growth by investing globally without being confined to any country or region in the equities of large cap resilient companies, meaning those assessed as being well-managed, conservatively financed and benefiting from strong corporate governance.

- The Fund's does NOT compare its performance in absolute terms against any benchmark. Any applicable performance fee is calculated against the fund's High Water Mark (please refer to Appendix 1 of the Master Fund' prospectus). An investor wishing to compare the sub-fund's absolute performance should select a global large cap equity benchmark or Index with the equivalent FX hedging over a 5 year rolling period.
