## Equitile Investments Feeder OEIC Overview

Equitile Investments Feeder OEIC (the "Company") is an open-ended investment company with variable share capital and segregated liability between sub-funds of the Company ("Funds"). The Company was incorporated on 16 December 2015 and registered under the laws of England and Wales, registration number IC001053 and as an undertaking for collective investment in transferable securities pursuant to the European Communities ("Undertakings for Collective Investment in Transferable Securities") Regulations 2011 (as amended) (the "UCITS Regulations") and the Financial Services and Markets Act 2000 and the Open-Ended Investment Companies Regulation 2001 (SI 2001/1228). Equitile Investments Ltd is the Authorised Corporate Director (the "ACD") of the Company appointed under the terms of the ACD Agreement and its successors.

The Company is structured as an umbrella investment company, and currently only comprises a single fund i.e., Equitile Resilience Feeder Fund (the "Sub-Fund"), which has been set up as a feeder fund investing into the Equitile Resilience Fund ("Master Fund") and investments by the Master Fund are made in accordance with the applicable investment objectives.

Except where otherwise stated or the context requires, capitalised terms have the meaning given to them in the Prospectus of the Company dated 19 August 2019.

#### Investment objective and policy

The Sub-Fund aims to generate capital growth by investing not less than 85 per cent of its Scheme Property in the Master Fund, a sub-fund of Equitile Investments ACS (the "Master Scheme"), an authorised contractual scheme constituted as a co-ownership scheme and authorised by the FCA.

The Master Fund aims to generate capital growth by investing in today's most innovative, high growth companies. The investment process combines a quantitative and qualitative approach to build a diversified portfolio of between 35 to 40 high quality, large cap developed world companies. The investment process is designed to select the best stocks for the prevailing economic environment. It is explicitly engineered to adapt to changing economic circumstances, seeking to identify leading companies in rapidly growing industries.

The Master Fund is actively managed with the fund manager utilising their expertise to select investments to achieve the fund's objective. The Fund does no geographic or sector constraints and is benchmark agnostic. The Fund is typically close to fully invested in equities and does not rely on leverage or derivatives to generate returns.

Investors may assess the success of this strategy by considering, in combination, the average annual return of the Fund and the average annual maximum loss of the Sub-Fund where the annual maximum loss is defined as the largest percentage loss which an investor could have incurred by investing into and subsequently redeeming from the Sub-Fund within a given year.

The Sub-Fund will utilise a hedging strategy with respect to the Hedged Share Classes. Other than the proposed hedging strategy, the Sub-Fund will not utilise derivatives for efficient portfolio construction or otherwise, in addition to any derivatives that may be utilised by the Master Fund as set out below and in the Prospectus of the Master Fund.

The performance of the Sub-Fund is expected to be similar to the performance of the Master Fund but may not be exactly the same due to cash holding and transactional costs.

## The Master Fund

The Master Fund is a sub-fund of the Master Scheme, a UCITS scheme under the COLL Sourcebook. The Master Fund was authorised by the FCA on 16 December 2015. Equitile Investment Limited is the manager of the Master Scheme.

## Statement of Authorised Corporate Director's Responsibilities

The Open-Ended Investment Companies Regulations 2001 and the FCA's Collective Investment Schemes sourcebook ("the Regulations") require the ACD to prepare financial statements for each annual accounting year, which give a true and fair view of the financial position of the Company as at the end of the year and of the net revenue/expense and the net capital gains or losses on the property of the Company for the year then ended. In preparing the financial statements, the ACD is required to:

- select suitable accounting policies and then apply them consistently.
- make judgements and estimates that are reasonable and prudent.
- comply with the disclosure requirements of the Statement of Recommended Practice 'Financial Statements of Authorised Funds', issued by the IMA in May 2014 and the Instrument of Incorporation.
- follow United Kingdom Generally Accepted Accounting Practice and applicable accounting standards.
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the scheme will continue in operation.
- keep proper accounting records which enable it to demonstrate that the financial statements as prepared comply with the above requirements.

The ACD is responsible for the management of the Company in accordance with its Instrument of Incorporation, the Prospectus and the Regulations and is responsible for taking reasonable steps for the prevention and detection of fraud and other irregularities.

## ACD's Report to Shareholders

The ACD, as sole director, presents its report and the audited financial statements of the Company for the year from 01 January 2019 to 31 December 2019. The Company is a UCITS scheme which complies with the Financial Conduct Authority's Collective Investment Schemes sourcebook. The shareholders are not liable for the debts of the Company. The names and addresses of the ACD, the Depositary and the Auditors are detailed on page 2.

The Company is organised as an umbrella company for the purposes of the OEIC Regulations and may be comprised of separate sub-funds. All sub-funds shall have a segregated portfolio of assets and, accordingly, the assets of the sub-funds are allocated exclusively to that sub-fund and shall not be used or made available to discharge (directly or indirectly) the liabilities of, or claims against, any other person or body, including the Company or any other sub-funds that may be established under the Company on a later date and shall not be available for any other purpose. As of the date of this Report, the Company has one Sub-Fund, the Equitile Resilience Feeder Fund, which invests at least 85 per cent of its Scheme Property in the Master Fund, a sub-fund of the Master Scheme.

#### **Director's Statement**

In accordance with the requirements of the COLL, as issued and amended by the Financial Conduct Authority, the report and financial statements are approved on behalf of the Directors of Equitile Investments Ltd, the ACD.

## Statement and Report of the Depositary

# Statement of the Depositary's responsibilities in respect of the Scheme and Report of the Depositary to the Shareholders of the Equitile Investment Feeder OEIC ("the Company") for the year ended 31 December 2019

The Depositary must ensure that the Company is managed in accordance with the Financial Conduct Authority's Collective Investment Schemes Sourcebook, the Open-Ended Investment Companies Regulations 2001 (SI 2001/1228), as amended, the Financial Services and Markets Act 2000, as amended, (together "the Regulations"), the Company's Instruments of Incorporation and Prospectus (together "the Regulations"), the Company's Instrument of Incorporation and Prospectus (together "the Scheme documents") as detailed below.

The Depositary must in context of its role act honestly, fairly, professionally, independently and in the interests of the Company and its investors.

The Depositary is responsible for the safekeeping of all custodial assets and maintaining a record of all other assets of the Company in accordance with the Regulations.

The Depositary must ensure that:

- the Company's cash flows are properly monitored and that cash of the Company is booked into the cash accounts in accordance with the Regulations;
- the sale, issue, repurchase, redemption and cancellation of shares are carried out in accordance with the Regulations;
- the value of shares of the Company are calculated in accordance with the Regulations;
- any consideration relating to transactions in the Company's assets is remitted to the Company within the usual time limits;
- the Company's income is applied in accordance with the Regulations: and
- the instructions of the Authorised Corporate Director ("the ACD"), which is the UCITS Management Company, are carried out (unless they conflict with the Regulations).

The Depositary also has a duty to take reasonable care to ensure that the Company is managed in accordance with the Regulations and Scheme documents in relation to the investment and borrowing powers applicable to the Company.

Having carried out such procedures as we consider necessary to discharge our responsibilities as depositary of the Company, it is our opinion, based on the information available to us and the explanations provided, that in all material respects the Company acting through the AFM:

i) has carried out the issue, sale, redemption and cancellation, and calculation of the price of the Company's shares and application of the Company's income in accordance with the Regulations and the Scheme documents of the Company: and

ii) has observed the investment and borrowing powers and restrictions applicable to the Company.

HSBC Bank plc

This report is given on the basis that no breaches are subsequently advised to us before the distribution date. We therefore reserve the right to amend the report in the light of such circumstances.

Yours sincerely,

Lorna Murphy Head of Trustee & Fiduciary Operations Edinburgh

30 April 2020

## Independent Auditor's Report to the Shareholders of Equitile Investments Feeder OEIC

#### Report on the audit of the financial statements

#### Opinion

In our opinion, Equitile Investments Feeder OEIC's financial statements:

- give a true and fair view of the financial position of the Company and its sub-fund as at 31 December 2019 and of the net expenses and the net capital losses on the scheme property of the Company and its sub-fund for the year then ended; and
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards, comprising FRS 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland", and applicable law), the Statement of Recommended Practice for UK Authorised Funds, the Collective Investment Schemes sourcebook and the Instrument of Incorporation.

Equitile Investments Feeder OEIC (the "company") is an Open Ended Investment Company ('OEIC') with a single sub-fund. The financial statements of the company comprise the financial statements of its sub-fund. We have audited the financial statements, included within the Annual Report and audited financial statements (the "Annual Report"), which comprise: the balance sheet as at 31 December 2019; the statement of total return and the statement of change in net assets attributable to shareholders for the year then ended; the distribution table; and the notes to the financial statements, which include a description of the significant accounting policies.

#### Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (UK) ("ISAs (UK)") and applicable law. Our responsibilities under ISAs (UK) are further described in the Auditors' responsibilities for the audit of the financial statements section of our report. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

### Independence

We remained independent of the Company in accordance with the ethical requirements that are relevant to our audit of the financial statements in the UK, which includes the FRC's Ethical Standard, and we have fulfilled our other ethical responsibilities in accordance with these requirements.

## Conclusions relating to going concern

We have nothing to report in respect of the following matters in relation to which ISAs (UK) require us to report to you when:

- the Authorised Corporate Director's use of the going concern basis of accounting in the preparation of the financial statements is not appropriate; or
- the Authorised Corporate Director has not disclosed in the financial statements any identified material uncertainties that may cast significant doubt about the company's or its sub-fund's ability to continue to adopt the going concern basis of accounting for a period of at least twelve months from the date when the financial statements are authorised for issue.

However, because not all future events or conditions can be predicted, this statement is not a guarantee as to the company's or the sub-fund's ability to continue as a going concern.

#### Reporting on other information

The other information comprises all of the information in the Annual Report other than the financial statements and our auditors' report thereon. The Authorised Corporate Director is responsible for the other information. Our opinion on the financial statements does not cover the other information and, accordingly, we do not express an audit opinion or, except to the extent otherwise explicitly stated in this report, any form of assurance thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated. If we identify an apparent material inconsistency or material misstatement, we are required to perform procedures to conclude whether there is a material misstatement of the financial statements or a material misstatement of the other information. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report based on these responsibilities.

### Independent Auditor's Report to the Shareholders of Equitile Investments Feeder OEIC

#### Authorised Corporate Director's Report

In our opinion, the information given in the Authorised Corporate Director's Report for the financial year for which the financial statements are prepared is consistent with the financial statements.

#### Responsibilities for the financial statements and the audit

#### Responsibilities of the Authorised Corporate Director for the financial statements

As explained more fully in the Authorised Corporate Director's Responsibilities Statement set out on page 4, the Authorised Corporate Director is responsible for the preparation of the financial statements in accordance with the applicable framework and for being satisfied that they give a true and fair view. The Authorised Corporate Director is also responsible for such internal control as they determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Authorised Corporate Director is responsible for assessing the company's and its subfund's ability to continue as a going concern, disclosing as applicable, matters related to going concern and using the going concern basis of accounting unless the Authorised Corporate Director either intends to wind up or terminate the company or its subfund, or has no realistic alternative but to do so.

#### Auditors' responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

A further description of our responsibilities for the audit of the financial statements is located on the Financial Reporting Council's website at: www.frc.org.uk/auditorsresponsibilities. This description forms part of our auditors' report.

#### Use of this report

This report, including the opinions, has been prepared for and only for the Company's shareholders as a body in accordance with paragraph 4.5.12 of the Collective Investment Schemes sourcebook as required by paragraph 67(2) of the Open-Ended Investment Companies Regulations 2001 and for no other purpose. We do not, in giving these opinions, accept or assume responsibility for any other purpose or to any other person to whom this report is shown or into whose hands it may come save where expressly agreed by our prior consent in writing.

#### Other required reporting

#### Opinion on matter required by the Collective Investment Schemes sourcebook

In our opinion, we have obtained all the information and explanations we consider necessary for the purposes of the audit.

#### Collective Investment Schemes sourcebook exception reporting

Under the Collective Investment Schemes sourcebook we are also required to report to you if, in our opinion:

- proper accounting records have not been kept; or
- the financial statements are not in agreement with the accounting records.

We have no exceptions to report arising from this responsibility.

PricewaterhouseCoopers LLP Chartered Accountants and Statutory Auditors London

<u>30</u>April 2020

## Sub-Fund Review

As at 31 December 2019, the Company had 1 active sub-fund:

Fund – Equitile Resilience Feeder Fund Launch Date – 29 February 2016 Base currency - GBP

The specific investment objectives and policies for the Sub-Fund are formulated by the Directors and set out in the Company's Prospectus and other Company literature. The Sub-Fund invests at least 85% of its assets in the Master Fund. The portfolio statements for the Master Fund are detailed in the Appendix (Pages 28-30) of this report. The full annual audited and unaudited interim reports for the Master Fund can be found at <a href="https://www.equitile.com/regulatory-legal-information">https://www.equitile.com/regulatory-legal-information</a>.

## Performance and Market Review

We are pleased to report the investment strategy of the Fund is continuing to perform well. From launch, at the end of February 2016 to the end of 2019 the USD share class has produced an annual compound return of approximately 14.8% per annum, after all fees.

The returns generated in calendar year 2019 have been exceptionally strong – the USD share class rose in value by over 37% - however that figure should be viewed in the context of what was an extraordinarily sharp decline in equity markets in the last three months of 2018. For this reason, we believe it is prudent for investors to consider the returns of calendar years 2018 and 2019 together. Over this two-year period, the USD share class generated total investment returns of approximately 29% or 13.5% per annum, broadly in line with the since inception figure.

The Fund remained fully invested in the Master Fund. During whole of 2019 the Master Fund remained predominantly invested in U.S. listed equities with an average allocation of 75% and within that allocation the Master Fund has continued to invest heavily in market leading technology companies which are currently enjoying especially strong growth. By industry, Semiconductor, Software and Payment systems have been the most important sectors for the fund this year. Outside of the U.S. the Master Fund's European holdings have been dominated by investments in the luxury goods and software industries. And, for the first time, the Master Fund also made investments in Japan and Taiwan.

In response to the heightened market volatility around the start of 2019 a greater emphasis was placed on the available market liquidity of the Master Fund's investments. As a result, during the year, when making investment changes, the Master Fund has tended to focus on larger more liquid companies which has taken the average market capitalisation of the Master Fund's investments above USD 200bln. As we move into 2020, we intend retaining this focus on high liquidity.

## <u>Outlook</u>

At time of writing, much of the developed world's economies remain in the COVID-19 social distancing economic lockdown. This has triggered a coordinated shock to global economies which is unprecedented in history. The future consequences of this crisis cannot yet be fully known. That said the degree of fiscal and monetary stimulus deployed to counteract the economic impact of the COVID-19 crisis is also unprecedented and looks likely to be sustained long after the pandemic itself has passed. For this reason, while the COVID-19 downturn has been extreme in its speed and depth we do not anticipate it will be long lived. We anticipate a robust economic and market recovery during the second half of 2020.

Broadly speaking we are happy with the performance of the investment portfolio through the COVID-19 lockdown. The Master Fund's focus on highly liquid, large-cap stocks with strong balance sheets has undoubtedly helped it outperform the majority of stock market indices. In addition, the Master Fund's investments in technology companies operating in the software and cloud computing space have also helped, due to the migration to home working.

The pace of technological innovation remains robust and will perhaps even be accelerated by the COVID-19 crisis – the 5G wireless network rollout now looks like a more urgent than before. The fund is positioned to benefit from this trend, which we anticipate lasting for several years. In addition, the monetary and fiscal policy environment has become, significantly more stimulatory. The U.S. Federal reserve's brief flirtation with monetary tightening at the end of 2018 has now been replaced with a commitment to an extended period of ultra-loose monetary policy likely lasting years into the future. However, in our view, the most interesting policy development of the COVID-19 crisis is a notable move toward greater fiscal stimulus. In this regard the U.K. and U.S. are arguably leading the move toward structurally high deficit spending.

## Sub-Fund Review

High fiscal deficits – periods where governments spend substantially more than they recover through taxation – tend to supportive of robust corporate profits and, eventually, higher inflation. Both of these, in our view, are supportive of equity prices over the near and longer term. For this reason, we believe the macro economic environment has become more advantageous for equity markets and more disadvantageous for bond markets as a result of the COVID-19 crisis. We are therefore anticipating a relatively rapid market recovery from the COVID-19 downturn and thereafter a continuation of strong investment returns for the foreseeable future.

## Synthetic Risk and Reward Indicator (SRRI)

Lower risk	Higher risk
Typically lower returns	Typically higher returns

1 2 3 4 5 6 7	
---------------	--

The Sub-Fund is classified category 5 because the investment policy of the fund means it will typically be predominantly invested in the equity markets and will therefore be exposed to the relatively high volatility of the equity market. Please note that even the lowest ranking does not mean risk-free.

The Risk and Reward indicator demonstrates where the Sub-Fund ranks in terms of its potential risk and reward. The higher the rank the greater the potential reward but the greater the risk of losing money. It is based on past data, may change over time and may not be a reliable indication of the future risk profile of the Sub-Fund.

## Securities Financing Transaction Regulation Disclosure

The Sub-Fund does not engage in any securities financing transactions and / or any total return swaps.

## **Comparative Tables**

The 'Return after operating charges' disclosed in the Comparative Tables is calculated as the return after operating charges per share dividend by the opening net asset value per share. It differs from the Sub-Fund's performance disclosed in the ACD's report which is calculated based on the latest published price.

Portfolio transaction costs are incurred when investments are bought or sold by the Sub-Fund in order to achieve the investment objective. Direct transaction costs include broker commission and taxes. Broker commission includes the fee to a broker to execute the trades. Equitile does not pay for external research.

Total Forward Foreign Exchange Contracts	2,704	1.87
Portfolio of investments	146,688	101.63
Net other liabilities	(2,351)	(1.63)
Net assets	144,337	100.00

The comparative percentage figures in brackets are at 31 December 2018.

# Financial Statements of the Sub-Fund

## Statement of Total Return

This statement of total return is prepared in accordance with IMA SORP 2014. The financial statements are prepared in the base currency (Sterling) of the Sub-Fund.

	Notes	£'000	Year ended 31.12.19 £'000	£'000	Year ended 31.12.18 £'000
Income					
Net capital gains/(losses)	1		32,816		(11,219)
Revenue	2	1,473		1,391	
Expenses	3	(1,266)		(1,488)	
Interest payable and similar charges		(10)		(13)	
Net revenue/(expenses) before taxation		197		(110)	
Taxation	4	(182)		(154)	
Net revenue/(expenses) after taxation			15		(264)
Total return/(deficit) before distributions			32,831		(11,483)
Distributions	5		(36)		13
Change in net assets attributable to shareholders from investment activities			32,795		(11,470)

## Statement of Change in Net Assets Attributable to Shareholders

The statement of change in net assets attributable to shareholders reconciles the opening and closing net assets attributable to shareholders.

		Year ended		Year ended
		31.12.19		31.12.18
	£'000	£'000	£'000	£'000
Opening net assets attributable to shareholders		109,667		97,844
Movement due to issue and cancellation of shares:				
Amounts receivable on issue of shares	16,238		49,502	
Amounts payable on cancellation of shares	(14,400)		(26,209)	
		1,838		23,293
Change in net assets attributable to shareholders				
from investment activities (see above)		32,795		(11,470)
Retained distribution on accumulation shares		37		-
Closing net assets attributable to shareholders		144,337		109,667

# Balance Sheet

		As at	As at
		31.12.19	31.12.18
	Note	£'000	£'000
Assets:			
Fixed assets:			
Investments		146,713	110,682
Current assets:			
Debtors	6	800	1,142
Cash and bank balances	7	161	519
Total assets		147,674	112,343
Liabilities:			
Investment liabilities		(25)	(1,215)
Creditors:			
Bank overdrafts	7	(3,240)	-
Other creditors	8	(72)	(1,461)
Total liabilities		(3,337)	(2,676)
Net assets attributable to shareholders		144,337	109,667

## 1. Net capital gains / (losses)

	Year ended	Year ended
	31.12.19	31.12.18
	£'000	£'000
Non-derivative securities gains/(losses)	36,093	(12,090)
Forward currency contracts (losses)/gains	(3,243)	1,020
Currency gains/(losses)	2	(9)
Transaction charges*	20	(37)
Portfolio Hedging Fee**	(56)	(103)
Net capital gains/(losses)	32,816	(11,219)

\* Transaction charges were over accrued in the prior year resulting in a current year negative expense.

\*\* From 12 July 2019 Portfolio Hedging Fees are no longer paid from the Master Fund.

## 2. Revenue

	Year ended	Year ended
	31.12.19	31.12.18
	£'000	£'000
Bank interest	3	7
Deposit interest	5	1
UK dividends	8	109
Overseas dividends	1,457	1,274
Total revenue	1,473	1,391

## 3. Expenses

	Year ended	Year ended
	31.12.19	31.12.18
	£'000	£'000
Payable to the Authorised Corporate Director or associate		
Management fee	910	889
Payable to the Truste or associate		
Trustee fee	82	95
Fund accounting fee***	166	211
Safe custody fee	57	48
Share class hedging fee	99	117
Transfer agency & registrars fee	15	15
Other expenses	(80)	80
Total payable to the Trustee or associate	339	566
Other expenses		
Audit fee****	17	16
Legal fee	-	17
Total other expenses	17	33
Total expenses	1,266	1,488

\*\*\* Middle office fees are now included within the Fund accounting fee. The prior year Fund accounting fee has been reanalysed to reflect this change.

\*\*\*\* Included within the Audit fee is £3,966 relating to the audit of the Sub-Fund (2018 - £3,966)

## <u>4. Taxation</u>

Year ended 31.12.19 £'000	Year ended 31.12.18 £'000
a ) Analysis of charge in the year	
Overseas tax 182	154
Current tax for the year182	154

b) Factors affecting the current tax charge for the year

The tax assessed for the period is higher than the standard rate of corporation tax in the UK for an Open Ended Investment Company.

The differences are explained below:

The unterences are explained below.		
Net revenue/(expenses) before taxation	197	(110)
Corporation tax at 20% (2018: 20%)	39	(22)
Effects of:		
Revenue not subject to tax	(293)	(277)
Current year management expenses not utilised	254	299
Overseas tax	182	154
Current tax for the year	182	154

c ) Provision for deferred tax

There was no provision for deferred tax at the balance sheet date (2018 - £Nil).

d ) Factors that may affect tax charges

At the year end, there is a potential deferred tax asset of  $\pm$ 791,000 (2018 -  $\pm$ 538,000) in relation to surplus management expenses. It is unlikely the Sub-Fund will generate sufficient taxable profits in the futures to utilise these expenses and therefore no deferred tax asset has been recognised in the year (2018 -  $\pm$ Nil).

## 5. Distributions

	Year ended 31.12.19 £'000	Year ended 31.12.18 £'000
Final distribution	37	-
Add: Revenue deducted on cancellation of shares	5	1
Less: Revenue received on issue of shares	(6)	(14)
Total Distributions	36	(13)

The differences between the net revenue / (expense) after taxation and the distributions for the year are as follows:

Net revenue/(expense) after taxation for the year	15	(264)
Deficits taken to capital	21	251
Total Distributions	36	(13)

#### 6. Debtors

	As at	As at
	31.12.19	31.12.18
	£'000	£'000
Amounts receivable for issue of shares	609	4
Accrued distributions	191	-
Sales awaiting settlement	-	1,138
Total debtors	800	1,142

## 7. Cash and bank balances

	As at 31.12.19 £'000	As at 31.12.18 £'000
Cash and bank balances	161	49
Amounts held at derivatives clearing houses and brokers	(3,240)	470
Total cash and bank balances	(3,079)	519

## 8. Other creditors

	As at 31.12.19 £'000	As at 31.12.18 £'000
Accrued deficits	-	83
Amounts payable for cancellation of shares	1	1,284
Accrued expenses	71	94
Total other creditors	72	1,461

## 9. Reconciliation of shares

	Class A GBP	Class B EUR	Class C USD	Class E NOK
Opening shares in issue	282,667	115,612	180,502	4,332,028
Share movements in year:				
Shares issued	50,663	2,875	4,532	620,103
Shares cancelled	(30,727)	(988)	(42,321)	(419,799)
Closing shares at 31.12.19	302,603	117,499	142,713	4,532,332

## 10. Contingent assets, liabilities and outstanding commitments

There were no contingent assets, liabilities or commitments at the year end (2018 - £Nil).

## 11. Related parties

The ACD is a related party to the Fund as defined by Financial Reporting Standard 102.33 'Related Party Disclosures'.

Management fees charged by the ACD are paid by the Master Fund and details of shares issued and cancelled by the ACD are shown in the statement of change in net assets attributable to shareholders. The balance due to the ACD at the year end in respect of Management fees was  $\pounds$ Nil (2018 -  $\pounds$ Nil). Any balance due from the ACD in respect of issues is shown in note 6. Any balance from the ACD in respect of cancellations is shown in note 8.

#### 12. Financial instruments

The policies applied in the management of risk disclosures are set out on pages 26 to 27.

#### Fair value of financial assets and financial liabilities

The fair values of the Sub-Fund's assets and liabilities are represented by the values shown in the balance sheet on page 15. There were no instances of invoking the Fair Value Pricing for the year (2018: nil).

#### Currency exposures

Individual share classes within the Sub-Fund's assets are denominated in currencies other than Sterling, with the effect that currency movements can affect the balance sheet and total returns of the specific share class. It should be note that any gains or losses are limited to the specific share class and are covered by a hedging policy to limit the effects of currency movement. (For further details refer to 'Currency risk' under section titled 'Risk Management Frameworks' on pages 26 to 27.)

#### Net currency asset exposure as at 31.12.19

Currency	Net other assets/ (liabilities)	Investments	Total
	£'000	£'000	£'000
	31.12.19	31.12.19	31.12.19
Euro	-	15,356	15,356
Norwegian Krone	28	62,845	62,873
US Dollar	-	18,210	18,210
Sterling	(2,379)	50,277	47,898
Total	(2,351)	146,688	144,337

A 1% change in the FX rate will move the Net Asset Value of the Sub-Fund by £964,390. It should be noted that in addition, the Sub-Fund employs an Asset Hedging strategy that has a performance criteria of 99-101% - this strategy is designed to materially reduce the impact of currency movements on the NAV of the Sub-Fund.

In March 2020, the Manager took the decision to temporarily suspend the currency hedging program. Details of the decision can be found in the Investor Notice "Covid-19 FX Hedging Policy" at www.equitile.com.

#### Net currency asset exposure as at 31.12.18

Currency	Net other assets £'000	Investments £'000	Total £'000
	31.12.18	31.12.18	31.12.18
Euro	-	11,883	11,883
Norwegian Krone	22	46,214	46,236
US Dollar	-	17,248	17,248
Sterling	178	34,122	34,300
Total	200	109,467	109,667

A 1% change in the FX rate will move the Net Asset Value of the Sub-Fund by £753,670. It should be noted that in addition, the Sub-Fund employs an Asset Hedging strategy that has a performance criteria of 99-101% - this strategy is designed to materially reduce the impact of currency movements on the NAV of the Sub-Fund.

#### Counterparty Exposure and Collateral

Counterparty	l I	Forward Foreign Exchange Contracts	Total
31.12.19		£000	£000
HSBC	- Exposure	2,704	2,704
	- Cash collateral	(3,240)	(3,240)
Total		(536)	(536)

Counterparty 31.12.18		Forward Foreign Exchange Contracts £000	Total £000
HSBC	- Exposure	(1,047)	(1,047)
	- Cash collateral	470	470
Total		(577)	(577)

#### 13. Portfolio transaction costs

	Year ended 31.12.19
There were no transaction costs on investments or derivatives for the year ended 31.12.19	£'000
Total purchases	31,995
Total sales	34,540

	Year ended 31.12.18
There were no transaction costs on investments or derivatives for the year ended 31.12.18	£'000
Total purchases	61,008
Total sales	33,345

#### 14. Portfolio fair value hierarchy

The fair values of the Sub-Fund's assets and liabilities are represented by the values shown in the balance sheet. There is no material difference between the value of the financial assets and liabilities, as shown in the balance sheet, and their fair values.

The fair value of investments has been determined using the following hierarchy:

**Category 1:** The unadjusted quoted price in an active market for identical assets or liabilities that the entity can access at the measurement date.

Category 2: Inputs other than quoted prices included within Level 1 that are observable (i.e. developed using market data) for the asset or liability, either directly or indirectly.

Category 3: Inputs are unobservable (i.e for which market data is unavailable) for the asset or liability.

An analysis of the portfolio's investment assets ar noted As at 31.12.19	the portfolio's investment assets and liabilities in accordance with the fair value hierarchy is below:				
	1	2	3	Total	
Investments	£'000	£'000	£'000	£'000	
Authorised Contractual Schemes	-	143,984	-	143,984	
Derivatives	-	2,729	-	2,729	
Total	-	146,713	-	146,713	
Investment Liabilities	£'000	£'000	£'000	£'000	
Derivatives	-	(25)	-	(25)	
Total	-	(25)	-	(25)	

An analysis of the portfolio's investment assets and liabilities in accordance with the fair value hierarchy is noted As at 31.12.18				
	1	2	3	Total
Investments	£'000	£'000	£'000	£'000
Authorised Contractual Schemes	-	110,514	-	110,514
Derivatives	-	168	-	168
Total	-	110,682	-	110,682
Investment Liabilities	£'000	£'000	£'000	£'000
Derivatives	-	(1,215)	-	(1,215)
Total	-	(1,215)	-	(1,215)

## 15. Post balance sheet events

There has been significant market turmoil caused by the governments measures to combat Covid-19. Due to these events there has been extreme market volatility. The Sub-Fund has been impacted as a result.

The net asset value in pence per share at the balance sheet date and the latest practicable date prior to the publication of the report has been shown in the table below. The % increase/(decrease) is a reflection of market fluctuations during this period. It is likely markets will continue to be much more volatile than normal over the next few months until the

	Net Asset Value per share 31 December 2019 *	Net Asset Value per share 29 April 2020*	Decrease %
Class A GBP Gross Accumulation	159.79	146.11	9.36
Class B EUR Gross Hedged Accumulation	153.08	148.35	3.19
Class C USD Gross Hedged Accumulation	167.92	162.29	3.47
Class E NOK Gross Hedged Accumulation	160.09	148.33	7.93

\*Published price

In March 2020 the decision was taken to temporarily suspend the currency hedging program. Details of the suspension were provided to investors in a communication circulated on 23 April 2020.

## **Distribution Tables**

	Net Income	Equalisation	Distribution payable 2019	Distribution paid 2018
Dividend distributions on accumulation shares	р	р	р	р
Class A – GBP Gross Accumulation				
Group 1 shares	12.2900	-	12.2900	0.0000
Group 2 shares (from 1 January 2019 to 31 December 2019)	6.2976	5.9924	12.2900	0.0000

Equalisation applies only to shares purchased during the distribution period (Group 2 shares). It is the average amount of revenue included in the purchase price of all Group 2 shares and is refunded to holders of these shares as a return of Capital. Being capital, it is not liable to Income Tax but must be deducted from the cost of shares for Capital Gains Tax purposes.

The following share classes had NIL distributions for the year end 31.12.19 and for the year ended 31.12.18.

Class B – EUR Gross Hedged Accumulation

Class C – USD Gross Hedged Accumulation

Class E – NOK Gross Hedged Accumulation

## Summary of Significant Accounting Policies

#### **Basis of Preparation**

The Financial Statements have been prepared on a going concern basis, under the historical cost convention as modified by the revaluation of certain financial assets and liabilities measured at fair value through profit or loss. The Fund has adopted FRS 102 and the 2014 SORP.

#### Base Currency

The base currency of the Sub-Fund is Sterling.

#### Tax Transparency

Revenue, expenses and taxation of the Master Fund, proportionate to the Sub-Fund's investment are recognised and reflected within the Notes to the Financial statements above on account of the Master Fund being a tax transparent fund.

#### Revenue Recognition

Revenue from collective investment Schemes, quoted equity and non-equity shares is recognised net of attributable tax credits when the security is quoted ex-dividend. Overseas revenue received after the deduction of withholding tax is shown gross of taxation, with the taxation consequences shown within the taxation charge.

Revenue is accrued in line with the Master Fund. Equalisation received from distributions or accumulations on units or shares in collective investment schemes is treated as capital and deducted from the cost of investments.

Bank interest and other revenue are recognised on an accruals basis.

#### Stock Dividends

The ordinary element of stocks received in lieu of cash dividends is recognised as revenue of the Sub-Fund but does not form part of the distribution. Any enhancement above the cash dividend is treated as capital.

#### Special Dividends

Special dividends are recognised as either revenue or capital depending upon the nature and circumstances of the dividend.

#### **Expenses**

For accounting purposes, all expenses (other than those relating to the purchase and sale of investments) are charged against revenue for the year on an accruals basis.

#### **Distributions**

Amounts distributable are calculated after excluding expenses borne by capital as agreed by the Manager and Depositary. Scrip dividends will not be distributed.

#### **Valuations**

All investments are valued at their fair value at 3 pm on 31 December 2019, being the last business day of the financial year. The fair value of shares is bid-price. The fair value of all single priced collective investment Schemes is their single price. The details of determination of net asset value for the Sub-Fund, including for equities, can be found in the Prospectus of the Sub-Fund at www.equitile.com.

#### Foreign Currencies

Assets and liabilities in currencies other than sterling are translated into sterling at the exchange rates prevailing at 3 pm on the last working day of the accounting year. Transactions in foreign currencies are translated at the exchange rate prevailing at the transaction date. Where forward positions in currencies are held, these are translated at the appropriate forward rate.

#### **Taxation**

Provision is made for taxation at current rates on the excess investment revenue over allowable expenses, with relief for overseas taxation taken where appropriate. Deferred tax assets are recognised only to the extent that they are more likely than not that there will be taxable profits from which the future reversal of the underlying timing differences can be deducted. Withholding tax on overseas dividends is accounted for when the security is quoted ex dividend.

## Summary of Significant Accounting Policies

#### **Dilution Adjustment**

In certain circumstances the ACD may carry out a dilution adjustment. In accordance with the Financial Conduct Authority Regulations, on all subscriptions and redemptions of shares, which is pain into the Sub-Fund and included in the Statement of Change on Net Assets Attributable to Shareholders. The adjustment is intended to cover certain dealing charges not included in the mid-market value of the Sub-Fund used in calculation the share price, which could have a dilution effect on the performance of the Sub-Fund.

#### Efficient Portfolio Management

Where appropriate, certain permitted transactions such as derivatives or forward foreign currency transactions are used for efficient portfolio management. Where such transactions are used to protect revenue, and the circumstances support this, the revenue and expenses derived there from are included in 'Revenue' or 'Expenses' in the Statement of Total Return. Where such transactions are used to protect capital, and the circumstances support this, the gains and losses derived therefrom are included in 'Net capital (losses) / gains' in the Statement of Total Return. Any positions on such transactions open at the year-end are reflected in the sub-fund's Portfolio of Investments at their fair value.

## Internal Control and Risk Management Frameworks

The Company is responsible for establishing and maintaining adequate internal control and risk management systems in relation to the financial reporting process. The Company has procedures in place to ensure all relevant accounting records of the Scheme are properly maintained and are readily available, including production of annual and semi-annual financial statements. The Company has appointed HSBC Bank Plc (the "Administrator") as the Scheme's administrator consistent with the regulatory framework applicable to the Scheme. The Administrator has functional responsibility for the preparation of the Scheme's annual and semi-annual Financial Statements and the maintenance of its accounting records. On appointing the Administrator, the Board of Directors (the "Board") of the Company noted that it is regulated by the UK Financial Conduct Authority (FCA) and, in the Board's opin-ion, has significant experience as an Administrator. The Board also noted the independence of the Administrator from the Company. Subject to the supervision of the Board, the appointment of the Administrator is intended to manage rather than eliminate the risk of failure to achieve the Company's financial reporting objectives and can only provide reasonable and not absolute assurance against material misstatement or loss.

The annual and semi-annual financial statements of the Scheme are required to be approved by the Board and filed with the FCA within the relevant respective time periods. The statutory financial statements are required to be audited by independent auditors who report annually to the Board on their findings. The Board evaluates and discusses significant accounting and reporting issues as the need arises. The Board reviews the financial statements prior to their approval though it should be noted that such review does not include verification of information in the financial statements to underlying documents. The annual financial statements are subject to independent audit by PricewaterhouseCoopers LLP (the "Auditors") and the Board receives and considers a report from the Auditors as to the audit process.

This report includes observations as to the extent to which (i) the annual financial statements provide a true and fair view (ii) adjustments were made to the accounting records maintained by the Administrator in order to provide financial statements giving a true and fair view and (iii) potential significant control weaknesses identified by the Auditors during the audit process. The report has been presented at the board meeting where the financial statements are presented to the Board for approval.

#### Composition of the board of Directors

Unless otherwise determined by an ordinary resolution of the Company in general meeting, the number of Directors may not be less than two. Currently, the Board is composed of five Directors. The business of the Company is managed by the Directors. A Director may at any time summon a meeting of the Directors. Questions arising at any meeting of the Directors are determined by a majority of votes. The quorum necessary for the transaction of business at a meeting of the Directors is three. The Directors who held office at the date of these financial statements are:

George Cooper Andrew McNally Nigel Hellewell Thor Johan Furuholmen Xiyang (Daniel) He

On 01 December 2019 the Company appointed two Non-executive Directors:

Gerald Ashley Jakob Iqbal

#### Directors' interests and transactions

The Directors of the ACD are also shareholders and directors of the parent company of Equitile Investments Ltd i.e., Equitile Ltd. There are no external contracts or arrangements of any significance in relation to the business of the Company in which the Directors had any interest any time during the financial year. No Director has any interest, direct or indirect, in any assets which have been or are proposed to be acquired or disposed of by, or issued to, the Company and no Director is materially interested in any contract or arrangement subsisting at the date hereof which is unusual in its nature and conditions or significant in relation to the business of the Company.

More information on Directors is available at <u>https://www.equitile.com/about/who-we-are</u>

#### Transactions with connected persons

Any transaction carried out with a UCITS by a management company or depositary to the UCITS, the delegates or sub-delegates of the management company or depositary, and any associated or group of such a management company, depositary, delegate or sub-delegate ("connected persons") must be carried out as if negotiated at arm's length. Transactions must be in the best interests of the Unitholders. The Directors are satisfied that there are arrangements are firmly in place.

#### Significant events during the financial year

The Company appointed the two above named Non-executive Directors in compliance with the FCA's SMCR regime.

#### Statement of Compliance

The financial statements have been prepared in compliance with UK Financial Reporting Standard 102 (FRS 102) and in accordance with the Statement of Recommended Practice for UK Authorised Funds issued by the Investment Management Association in May 2014 and amended in June 2017 (2014 SORP).

## Internal Control and Risk Management Frameworks

#### Risk Management Frameworks

The Manager has a documented risk management framework which details the processes and procedures used to identify, measure, manage and monitor appropriately all risks to which the funds are or may be exposed. The risks covered by the framework include market risk, liquidity risk, currency risk, credit/counterparty risk, operational risk and any other risks that might be material to the funds. The risks are both investment and operational and refer to the risk of loss arising from inadequate or failed processes, people or systems including attempted fraud. The risk framework details:

- the techniques, tools and arrangements including systems and processes used;
- the content and frequency of reports; and
- the allocation of responsibilities between key staff and departments.

The main risk management processes used by the Manager are fully integrated with the daily management of the Sub-Fund's portfolio and is used to measure and monitor market risk, credit / counterparty risk and liquidity risk. A separate process is maintained to track instances of operational risk and monitor amendments to controls made, seeking to ensure that any operational errors do not re-occur. The Manager has a formal structure of which includes an Operating Committee and a Risk management Committee who review the risk profile, including market, credit, operational and liquidity risks, of the Sub-Fund and publish and circulate this information internally on a regular basis. As part of its governance processes, the Manager reviews the performance of the risk management framework and its associated arrangements, processes, systems and techniques on at least an annual basis or after a risk event. The risk management framework is updated by the Manager following any significant change in the business or in risk exposures and at least annually. It is also reviewed by the Depositary.

#### Market Risk

Market risk is the risk of loss arising from fluctuations in the market value of investments held by the funds attributable to changes in market variables, such as equity prices, foreign exchange rates, interest rates or the credit worthiness of an issuer. The risk management framework monitors the levels of market risk to which the funds are exposed in relation to the fund investment objective and policy.

#### Leverage

The Sub-Fund does not use leverage as part of its investment strategy. The Sub-Fund uses the commitment method to calculate global exposure in preference to the VaR method.

#### Liquidity Risk

Liquidity risk exists when the sale of assets or exit of trading positions is impaired by such factors as decreased trading volume, increased price volatility, industry and government regulations, and overall position size and complexity. It may be impossible or costly for the Sub-Fund to liquidate positions rapidly particularly if there are other market participants seeking to dispose of similar assets at the same time or the relevant market is otherwise moving against a position or in the event of trading halts or daily price movement limits on the market or otherwise. Derivative transactions that are particularly large and bonds traded in the secondary market may be less liquid and it may be difficult to achieve fair value on transactions. Closing positions held in the secondary markets prematurely, for instance, to meet client redemption requests, can result in increased transaction costs which will be reflected in the investment returns.

Liquidity risk is the possibility that the fund will not be able to sell its assets without incurring losses within the timeframe required to meet investor redemptions. The asset liquidity profile of the fund is monitored on a regular basis and compared to both historical investor redemption patterns and potential redemption scenarios, with the aim of ensuring that the fund will be able to meet any actual redemptions in a timely manner. The liquidity risk management process includes an assessment of the market turnover, percentage of an issue held by the fund, credit rating of the issuer and/or the buy-sell spread of the market in the securities held where the information is available and is applicable.

Liquidity profile stress tests under both normal and exceptional conditions are conducted on a regular basis. If market liquidity is perceived to be decreasing, the ACD might seek to take any of the following actions to improve the liquidity profile of a fund: maintain higher cash balances; maintain a greater proportion of assets in securities which are traditionally more liquid; diversify the range of issue.

#### Credit Risk

Credit risk comprises both credit issuer risk and counterparty risk. Credit risk is the risk that the counterparty to a financial instrument will fail to discharge an obligation. The Fund will be exposed to a credit risk for the parties with whom it trades. Under normal market conditions the Master Fund remains close to fully invested in equity securities. However, allocations to bonds may be made periodically for the purpose of capital preservation. Investing in sovereign debt, any other debt guaranteed by a sovereign government, or corporate debt entails risks related to the issuer's ability and willingness to repay the principal and pay interest.

Credit risk may also arise through a default by one or several large institutions that are dependent on one another to meet their liquidity or operational needs, so that a default by one institution causes a series of defaults by the other institutions. This is sometimes referred to as a "systemic risk" and may adversely affect financial intermediaries, such as clearing agencies, clearing houses, banks, securities firms and exchanges, with which the Master Scheme interacts on a daily basis.

## Internal Control and Risk Management Frameworks

## Currency Risk

#### Hedged share class

The Sub-Fund is made up of multiple classes of shares, some of which are hedged share classes and some are not hedged. The shareholders that do not invest in hedged shares are not expected to be affected by the associated currency hedging strategies for a particular hedged share class. Hedging transactions are designed to reduce, as much as possible, the currency risk for shareholders, however there can be no guarantee that attempts to hedge currency risk will be successful and no hedging strategy can eliminate currency risk entirely. Should a hedging strategy be incomplete or unsuccessful, the value of the Sub-Fund's assets and income can remain vulnerable to fluctuations in currency exchange rate movements.

There may be circumstances in which a hedging transaction may reduce currency gains that would otherwise arise in the valuation of the Sub-Fund. The gains/losses on and the costs of such hedging transactions will accrue solely to the relevant hedged share class. Any financial instruments used to implement such hedging strategies shall be assets and/or liabilities of the Sub-Fund as a whole but, in effect, are attributable to the relevant hedged share class only.

Any gains/losses on and the costs of the relevant financial instruments accrue solely to the relevant hedged share class. As a result, shareholders investing in any hedged share class may be exposed to fluctuations in the net asset value per share in relation to the relevant hedged share class reflecting the gains/losses on and the costs of the hedging transactions and the relevant financial instruments. In the case of a net investment flow to or from a hedged share class, the hedging strategies may not be accurately adjusted and reflected in the net asset value of the said class until the following or a subsequent Business Day following the Valuation Point on which the instruction was accepted.

#### Asset Hedging

The Sub-Fund invests at least 85% of its assets in the Master Fund of the Master Scheme. The investments of the Funds may be acquired in currencies which are different from their base currency (Sterling). The assets of the Master Fund not denominated in their base currency are hedged using Short Dated FX Forwards (OTC Derivatives) to manage currency risks. The risk arising from investing in non-base currency assets is substantially mitigated through FX Forwards.

Hedging techniques employed by both Funds could involve a variety of derivative transactions. As a result, hedging techniques involve different risks than those of underlying investments, including liquidity risk and the potential for loss in excess of the amount invested.

In particular, the variable degree of correlation between price movements of hedging instruments and price movements in the position (including asset positions) being hedged creates the possibility that losses on the hedge may be greater than gains in the value of the Funds' positions.

In addition, although the contemplated use of these techniques should minimise the risk of loss due to a decline in the value of the hedged position, at the same time they may limit any potential gains resulting from an increase in the value of such positions. The ability of the Funds to hedge successfully will depend on the Manager's, or its delegate's, ability to predict pertinent market movements, and as a consequence, there can be no assurance that hedging transactions will be successful in protecting against adverse market and/or currency movements.

In March 2020, the Manager took the decision to temporarily suspend the currency hedging program. As a result of this decision there is currently no currency hedging in place and the price of shares in the fund may therefore rise or fall due to movements in both exchange rates and the value of the underlying investment portfolio. Details of the decision can be found in Investor Notice "Covid-19 FX Hedging Policy" at www.equitile.com.

#### Counterparty Risk

Counterparty risk arises primarily with the financial brokers through whom the funds buy and sell securities. The sub-funds may only transact with brokers from an approved broker list maintained by the ACD. All brokers on the ACD approved list are subject to regular credit and general business checks. The sub-funds may also be exposed to counterparty risks arising from the use of forward currency instruments, usually transacted to decrease exposure to foreign currency. These risks are monitored daily.

## Appendix

## Equitile Resilience Fund (Master Fund)

The Sub-Fund aims to generate capital growth by investing not less than 85 per cent of its Scheme Property in the Master Fund. A summary of the Master Fund's portfolio holdings for the period is stated below:

## Summary of Material Portfolio Changes for the Master Fund

The top ten purchases and sales for the year ended 31 December 2019 were as follows:

Purchases		Sales	
	Cost		Proceeds
	£'000		£'000
Lam Research	7,979	Align Tech	7,341
Align Tech	6,912	Broadridge Financial Solutions	5,980

The comparative percentage figures in brackets are at 31 December 2018.

Other than forward currency contracts, all investments are listed on recognised stock exchanges and are "approved securities" within the meaning of the FCA rules unless otherwise stated.

## Assessment of Value

FCA Assessment of Value provisions are set out in COLL 6.6.19 to 6.6.27 and includes Rules as well as Guidance. The FCA require authorised fund managers (AFMs) to carry out as assessment on value for money of each fund as per the following criterions

- Quality of service
- Performance
- AFM costs
- Economies of scale
- Comparable market rates
- Comparable services
- Classes of units

The detailed assessment of value document for the Fund is available at www.equitile.com.

## Remuneration Disclosures

The provisions of the Undertaking in Collective Investments Schemes Directive ("UCITs V") took effect on 18 March 2016. The legislation requires the ACD to establish and maintain remuneration policies for its staff which are consistent with and promote sound and effective risk management. The Board of Directors has established a remuneration policy to ensure the UCITs Remuneration Code in the UK FCA handbook is met proportionately for all UCITs Remuneration Code Staff. The policy sets out a framework for determining the level of fixed and variable remuneration of staff, including maintaining an appropriate balance between the two.

Arrangements for variable remuneration, where applicable, are calculated primarily by reference to the performance of each individual and the profitability of the relevant business unit. The policy is designed to reward long term performance and long term profitability.

All staff are employed by Equitile Investments Ltd with none employed directly by the Company. No performance fee was charged to the Fund for the year ending 31.12.2019 (2018 : same).

Under the UCITs V Directive, the ACD is required to disclose information relating to the remuneration paid to its staff, split into fixed and variable remuneration. The total remuneration of those individuals who are fully or partly involved in the activities of the Scheme for the Scheme's financial year ending 31 December 2019, is analysed in the table below:

	Number of Staff	Total Remuneration (£'000)
Fixed Remuneration	7	735
Variable Remuneration	1	10
Performance Fees	0	0
UCITS Code Staff, of which:	7	743
Senior Management	5	585
Other Code Staff	2	148

The staff members included in the above analysis support all the sub-funds managed by the ACD. It is not considered feasible or useful to attempt to apportion these figures to individual sub-funds and are based on assets under management. The Board has reviewed the general principles of the Remuneration Policy and its application in the last year which has resulted in no material changes to the Policy. The details of the Company's Remuneration Policy can be found at <u>www.equitile.com</u>.

## Disclaimer

These materials contain preliminary information that is subject to change and is not intended to be complete or to constitute all the information necessary to adequately evaluate the consequences of making any investment.

This document is being provided solely for informational purposes. The value of an investment may fall or rise. All investments involve risk and past performance is not a guide to future returns. Equitile offers no guarantee against loss or that investment objectives will be achieved.

Equitile does not offer investment advice. Please read the Key Investor Information Document, Prospectus and any other offer documents carefully and consult with your own legal, accounting, tax and other advisors in order to independently assess the merits of an investment. Investors and any potential investors should be aware of local laws governing investments and should read all the relevant documents including any reports and accounts and scheme particulars as appropriate.

The state of the origin of the fund is the United Kingdom. This document may only be offered in Switzerland to qualified investors within the meaning of art. 10 para. 3 and 3ter CISA. In Switzerland, the representative is ACOLIN Fund Services AG, Leutschenbachstrasse 50, CH-8050 Zurich, whilst the paying agent is Aquila & Co. AG, Bahnhofstrasse 28a, CH-8001 Zurich. The basic documents of the fund as well as the annual and, if applicable, semi-annual report may be obtained free of charge from the representative. In respect of the units offered in or from Switzerland, the place of performance and jurisdiction is at the registered office of the representative. Past performance is no indication of current or future performance. The performance data do not take account of the commissions and costs incurred on the issue and redemption of units.
